

Her Majesty's Golf Odyssey By Helicopter

Where elite women, legendary fairways and
helicopter-level luxury meet.

For Women Who Rule Their Game — and Their Journey

Discover a world where legendary landscapes and world-class golf converge in perfect harmony. This is more than a tour — it's Her Majesty's Golf Odyssey: an 8-night, 9-day, once-in-a-lifetime voyage created for the woman who is both connoisseur of the game and curator of her own luxury.

We have hand-selected a private circuit of the Western Cape's most sublime, invitation-only and signature fairways, accessed exclusively by helicopter. Experience dawn tee-offs with sweeping ocean panoramas, heli transfers between championship courses, bespoke caddie and club-fitting services, private clubhouse lunches, and exclusive après-golf tastings at nearby estates.

Your aerial itinerary rounds the Cape of Good Hope and soars over Table Mountain and Cape Agulhas — the southernmost tip of Africa — offering the spine-tingling moment of crossing two oceans in a single sweep. Each evening concludes with a seaside sunset flight, spa ritual or secluded vineyard dinner, elevating golf into the realm of the truly extraordinary — for women who accept nothing less.

Strictly limited to 4–6 women per departure. Every enquiry is reviewed personally.

Tour Program

Day 1 – Cape Town

A Cinematic Arrival Into Your Private Coastal Retreat

On arrival at Cape Town International Airport, you are met at the aircraft door and escorted through a discreet, fast-track process. Formalities are handled quietly on your behalf before you walk directly to your private helicopter. Moments after take-off, Cape Town reveals itself below: Table Mountain, the city bowl and Robben Island in clear view.

Your pilot traces the sculpted Atlantic Seaboard — beaches, coves and cliffs — before turning toward Tintswalo, an exclusive coastal sanctuary poised between mountain and ocean. You touch down on the property's helipad and are escorted straight into a private check-in: no queues, no public spaces, no delays. Your luggage appears in your suite without effort.

The remainder of the day is yours. Settle into your ocean-front suite, enjoy a restorative spa treatment or simply sit on your terrace with the Atlantic below. A quiet dinner, tailored to your preferences, closes the day in a key of calm, privacy and ease — the perfect opening chapter to your Heli Golf Odyssey.

Day 2 – Cape Peninsula

Coastal Charm, Hidden Fairways & Penguins at Sunset

Day 2 begins with a relaxed breakfast overlooking the Atlantic, the ocean at eye level and your first signature fairway ahead. You lift off from Tintswalo's helipad for a spectacular coastal circuit around the Cape of Good Hope, before crossing to the warmer False Bay side and descending toward a historic club set between mountain and sea.

On arrival, a reserved warm-up slot awaits, supported by your private caddie. You play 18 holes on a course known for immaculate conditioning, clear strategy and sweeping views — an elegant introduction to South African championship golf. After your round, a short transfer takes you to an iconic ocean-front restaurant, literally perched above the sea, for an unhurried lunch with the Atlantic rolling beneath you.

Late afternoon, you visit Boulders Beach for a private, guided walk among its resident African penguins — a playful, unforgettable interlude. As the light softens, your helicopter returns you along the peninsula, routing over the historic Constantia vineyards and low mountain passes before you descend once more to Tintswalo. Your second night is spent in the same suite, with time for spa, terrace drinks or a quiet dinner as the sun sets into the ocean.

Day 3 – The Winelands to Hermanus

Signature Golf in Wine Country, Then Onward to the Whale Coast

After breakfast at Tintswalo, you board your private helicopter and route inland toward the Cape Winelands. Valleys, dams and sculpted mountains give way to a Jack Nicklaus-designed signature course near Paarl, celebrated for its pristine conditioning, strategic bunkering and strong championship pedigree.

You move directly into a reserved warm-up with your private caddie and optional club-fitting. An 18-hole round follows at a pace that suits your group, with the option of a cellar-focused lunch or curated wine tasting between nines in a private corner of the clubhouse. Every detail — from pairings to timing — is calibrated to your preferences and energy on the day.

Later, your helicopter is repositioned for the next leg. You lift off over the Franschhoek Pass, cross Theewaterskloof Dam and the fertile valleys beyond, then turn south toward the coast. You land at a private reserve above Walker Bay, just outside Hermanus. Check-in is swift and discreet; you are welcomed to your suite with in-room hospitality and, if desired, a scheduled spa session. Evening unfolds at your own pace — pool, terrace or a chef-hosted dinner overlooking the Whale Coast.

Tour Program

For more detailed information: visit www.visitorstoafrika.com/majesty-golf-heli

Day 4 – Hermanus

Coastal Serenity, Ocean Fairways & Dune-Top Sundowners

Day 4 opens with the wild beauty of Walker Bay at your feet. After breakfast, a brief helicopter repositioning of around five minutes carries you low along the coastline to a premier coastal estate where 27 holes weave between fynbos, mountain slopes and glimpses of the sea.

On arrival, you proceed directly to a reserved practice area and meet your private caddie team. You may choose a classic 18-hole round or extend to all 27 holes, depending on how you wish to balance challenge, photography and leisure. Springbok antelope often graze along or beside the fairways, adding a distinctly African note to the day's play.

Post-golf, time is set aside for a tailored spa treatment back at the lodge, followed by an unstructured afternoon for pool, reading or quiet in-suite time. As golden hour approaches, a private 4x4 transfers you across the reserve and over coastal dunes to a secluded beach setting for sundowners. Fine spirits, canapés and an unbroken horizon close the day, before you return to the lodge for a four-course dinner with paired South African wines in a private dining space.

Day 5 – Sanbona Wildlife Reserve

Helicopters, Big Five & Tented Safari Under the Stars

Today, the Odyssey pivots from ocean and vineyards to wilderness and wildlife. After a leisurely breakfast and unhurried check-out from Hermanus, you board your private helicopter for a scenic inland flight to Sanbona Wildlife Reserve — one of the Western Cape's largest private reserves and a rarefied Big Five sanctuary.

Your route traces river valleys and rugged mountain ranges before descending into a vast landscape of plains, koppies and distant escarpments. You touch down near your luxury tented camp, where you're welcomed and escorted to your tented suite: spacious interiors, fine linens and private decks looking out over the reserve. It is an authentic bush experience with every comfort preserved.

After a light lunch and time at leisure — pool, spa or simple stillness — you meet your ranger and tracker team for your first evening game drive. In an open 4x4, you explore in search of lion, elephant, rhino, buffalo and cheetah, alongside diverse plains game and birdlife. At sunset, you pause for classic safari sundowners in the bush, before returning to a lantern-lit boma dinner under the stars. Stories and quiet conversation carry the night, with the wild beyond your canvas walls.

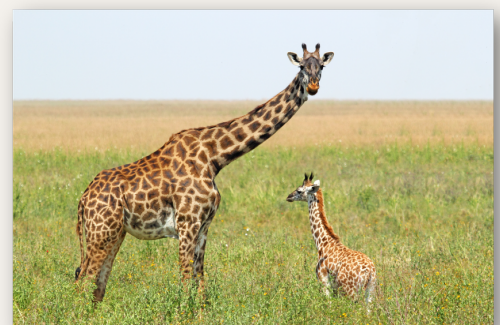

Day 6 – Sanbona to the Garden Route

Sunrise in the Bush, Cliff-Top Golf Above the Indian Ocean

Day 6 begins before dawn with a gentle wake-up call and coffee in your tent. You depart on a sunrise game drive, the bush at its most active and atmospheric. With luck, this completes your personal Big Five sightings; with certainty, it deepens your sense of place. Mid-drive, you pause for a coffee stop in the bush — a simple, grounding moment in the open air.

Back at camp, a full breakfast awaits. Guests may then choose a guided bush walk with the ranger (conditions permitting), for a close-up look at tracks, plants and smaller details of the ecosystem, or a slow morning at leisure — by the pool, at the spa or on the deck of your tented suite.

Late morning or early afternoon, you board your helicopter once more and lift out of the reserve, routing south-east toward the famed Garden Route. Landscapes soften from scrub to farmland and then to forest and coastline, before you descend near a signature cliff-top course high above the Indian Ocean. After a short private transfer and reserved warm-up, you play 18 holes on a layout renowned for dramatic carries, cliff-edge greens and uninterrupted sea views. As evening falls, you transfer to your Garden Route accommodation for dinner and a quiet night overlooking the coast.

Tour Program

For more detailed information: visit www.visitorstoafrika.com/majesty-golf-heli

Day 7 – Fancourt

The Legendary Links & Garden Route Grandeur

After breakfast, a short heli hop or private road transfer brings you to Fancourt, the Garden Route's flagship golf estate and host of the 2003 Presidents Cup. John Sparks, founder of Visitors to Africa, was personally employed and entrusted by Captain Gary Player, then world Presidents Cup team captain, to oversee and orchestrate the team's logistics that week — a singular honour inside the inner circle of the game.

The same meticulous, invisible orchestration now underpins your own stay. On arrival, you are escorted to a private check-in at your chosen accommodation — the historic Manor House or equivalent premium category — where formalities are handled quietly and efficiently. Your tee time at The Links, Fancourt's iconic links-style course, has been pre-secured under limited-access allocation.

After a structured warm-up and concise course briefing, you walk in legendary footsteps over 18 holes modelled on the great courses of Ballybunion and St Andrews: dramatic dunes, sculpted fairways and complex greens. On-course refreshments and halfway catering are curated to your preferences. The remainder of the day is at leisure to enjoy Fancourt's spa, practice facilities and dining, with every detail calibrated to your comfort.

Day 8 – Cape Town

Private Diamonds, Couture & the City at Her Command

After breakfast at Fancourt, you board your private helicopter for a direct flight back to Cape Town. Routing along the Garden Route and over the Winelands, you return to the city with a final aerial sweep of mountains, vineyards and coastline before landing at a private facility. A seamless transfer brings you to your boutique city hotel, chosen for its privacy, views and refined service.

Late morning, you step by appointment into an exclusive diamond and jewellery atelier — a private workshop not open to the general public. Senior gemmologists and designers introduce you to off-market stones, rare cuts and bespoke pieces, with the opportunity to commission or acquire unique creations that will never appear in mainstream retail. The environment is quiet, informed and unhurried.

The afternoon becomes a curated shopping and style experience, tailored to your interests: fashion, design, art or lifestyle. A dedicated stylist or concierge can accompany you, or you may prefer to browse privately with discreet support on call. As evening falls, you gather for a final dinner in a private setting — perhaps a rooftop with Table Mountain silhouetted at dusk or a chef's-table experience — closing the Odyssey in a mood of reflection and quiet celebration.

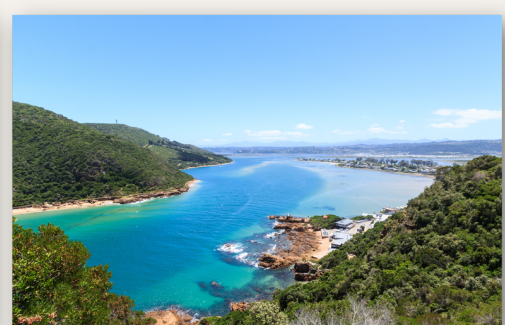

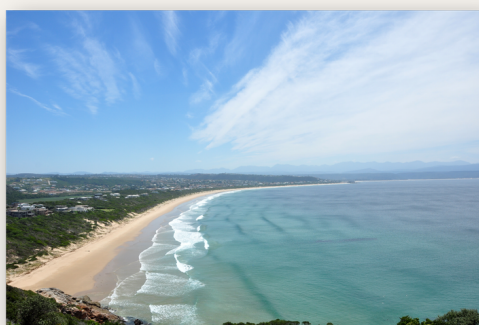

Day 9 – Farewell & Departure

A Calm Return, with Africa Still in Her Blood

Your final morning is intentionally gentle. A leisurely breakfast allows time to savour the last views of Cape Town, complete any final packing and reflect on a journey that has moved from ocean cliffs and wine estates to wild bush, legendary fairways and private ateliers. Check-out is handled discreetly on your behalf.

At the agreed time, a private transfer collects you from the hotel and delivers you to Cape Town International Airport, where you are met and escorted through a fast-track departure process. Formalities are kept to a minimum, preserving the same sense of ease and discretion with which you arrived.

You depart with more than photographs and purchases. After your return home, you receive a bespoke, hard-bound coffee-table book documenting your Heli Golf Odyssey — routes flown, fairways walked, wildlife encountered, moments shared. This was never intended as an annual holiday, but as a single, defining chapter — a once-in-a-lifetime experience for women who already have everything, and still recognise something truly singular when they see it.

www.visitorstoafrika.com

Why This Odyssey Is Unrepeatable

- *Time, elevated:* Major legs are flown, not driven, so you gain days of experience instead of losing them in transit.
- *Access that most never see:* Cliff-side lodges, coastal courses, reserves and passes linked in a way that only makes sense from the air.
- *Safari, sea and signature fairways in one sweep:* Cape Town, Winelands, Hermanus, Sanbona, the Garden Route and Cape Town couture, held together as one story.
- *Women-only, by design:* 4–6 women who expect safety, discretion and standards that match their lives off the course.
- *Presidents Cup–grade stewardship:* A journey underpinned by the same mindset that ran Gary Player's team operations at Fancourt.
- *Deliberately rare:* Limited to 4–6 women per departure, with extremely limited dates each year.

What's Included – Grand Tour by Helicopter

Her Majesty's Golf Odyssey – 9 Nights / 10 Days

- **Travel & Transfers**
 - All major transfers by private helicopter as per the agreed itinerary
 - Any required ground transfers between helipads, lodges, courses and hotels
 - VIP meet & assist with fast-track arrival and departure in Cape Town

 - On-the-ground tour director / concierge support throughout
 - All standard park fees, conservation levies and service charges
- **Legacy Keepsake**
 - A bespoke, professionally produced coffee-table book of your Helicopter Odyssey, delivered after your return.

Your Investment in Her Majesty's Odyssey

Most operators have starting prices or ranges. We don't.

You will not find a price list in this brochure or on our site. Not because we are hiding it, but because every journey we design is engineered around one specific group of women, at one specific moment in their lives.

The same route feels utterly different for four lifelong friends, three generations travelling together or two couples sharing a milestone. A single "from USD X" would be fiction.

The clients we serve do not choose us on price. They choose us on the way we think, design and protect their time. So we work under one rule:

No number leaves this office until I've had a real conversation with you.

*If you would like that conversation, request a **Private Consultation** and mention Her Majesty's Golf Odyssey – By Road. We'll schedule a 45-minute call — confidential, no obligation. By the end of that call, we will both know whether we should work together, or whether you would be better served by a different kind of operator.*

A Year in Motion – Why Your Guide Matters

For more than 35 years, the curator of this journey — and founder of Visitors to Africa (1995) — has spent over 6,000 days on the road across Southern Africa and the wider world, watching landscapes quietly change people.

He is now turning those African days into a 12-volume series, A Year in Motion — 365 Days in Southern Africa: one book per month, one chapter per day, each chapter a single, living moment. The first volume, September — A Year in Motion: September Tides, is complete; the other eleven months will follow.

Some stories are from journeys with guests; others are from days alone on the road. All are real. No fiction. Just the world as he has seen it from the front seat, the stoep, the saddle and the cockpit.

When you travel with Visitors to Africa, you're not buying an itinerary off a shelf. You're stepping into a landscape that has been walked, driven and written for decades. If you'd like a taste, you're welcome to read the first volume, [September Tides](#).

In the Inner Circle at the Presidents Cup

John Sparks, founder of Visitors to Africa, was personally employed and entrusted by Captain Gary Player, then world Presidents Cup team captain, to oversee and orchestrate the team's on-the-ground logistics for the 2003 Presidents Cup at Fancourt — a singular honour and privilege granted to very few outside the inner circle of the game.

For an entire week, John and his hand-picked team were responsible for ensuring that one of the most celebrated teams in golf moved flawlessly: accommodation, transport, timing, practice, private events and quiet moments away from the crowds were all managed with absolute discretion and precision.

That same level of Presidents Cup-grade stewardship now underpins your own experience at Fancourt — and across Her Majesty's Golf Odyssey – Grand Tour by Road.
